Do you have any suggestions as to how we might improve this service?
– By allotment

Case No	Allotment	Do you have any suggestions?	Actions
50	Bingham St	It is now not possible to drive a car near to the site for the delivery/collection of supplies and produce. access needs to be available for all plot holders at any time moon-sun whether Pendlebury Road/Sandy grove residents or not	
47	Blackleach	I sent a letter and some photos about the state of the rubbish, rainwater and pig manure all around the place	
1	Cleavley	Inform Applicants on waiting list when plots are available the one next to ours had not been used for 2 and half years	
30	Cleavley	New allotment holders to be offered a mentor from amongst volunteer existing plot holders	
64	Cleavley	Send info to each plot holder of information discussed when they don't attend meetings	
42	Clovelly Rd	Remember to correctly name our allotment site Nevitts and not Clovelly road this request has been made several times previously	
55	Clovelly Rd	Insist that plot holders who do not cultivate at least 75% of their grounds are made to plot share or are evicted	
5	Cotton St	Quicker turn around, plots that are not cultivated, notices on who to contact at council	
39	Littleton Rd	Already plot share and think it is a good idea	
7	Mountain St	Drainage needed as site almost permanently water logged, get all plots on site used fully	
65	Poorlots	Welcome/group meeting to help new plot holders	
40	Toad Lane	I think the idea such as offering a delivery for manure; wood etc would be useful for plot holders who don't have access to transport. Plot holders could order bulk deliveries between them	

Case No	Allotment	Do you have any suggestions?/cont	Actions
2	Victoria Park	Football proof fencing i.e. higher fencing along the end of the basket/football area which is next to the allotments, tree pollarding of all the allotment trees this is shadowing many of the allotments	
17	Victoria Park	As this is our first experience of having an allotment we are unable to answer your questions to the full hope to have all the answers next year	
60	Victoria Park	Better security fencing	
8	Weaste	Better drainage and pathways around perimeter of individual plots	
9	Weaste	I would be nice to have talks/demos given by experienced growers; some sort of internet websites available with blogs for seeking advice and a tool hire service	
21	Weaste	Starter pack for new plot owners	
23	Weaste	Better Roads drainage area for people to come together e.g. barbecue area giving people a time when you will have a job done by for example if you say you will do a job within 3 months then people can plan around the job	
28	Weaste	Grass needs cutting at back off paths	
29	Weaste	Regular collection of bagged rubbish and grass cutting better maintained of road ways	
41	Weaste	Repair the fencing on the motorway side so intruders cannot enter	
54	Weaste	I am happy with the service, there is always room for improvements, it is down to money	
14		Regular Deliveries
