

To the occupier of

From Highways Inspector

Beware of the cowboy contractors

There is a continual problem with
cowboy contractors offering dropped
kerbs throughout our City.

REMEMBER!

- We will **NOT** knock on your door and offer a cheap crossing.
- **ONLY** approved contractors can work on the highway.
- It is **ILLEGAL** for anyone to dig up the highway or store materials on the highway without permission.
- If an illegal crossing has been constructed, we will issue an order to reconstruct the crossing to an approved standard. **The householder will be charged for the additional work.**

If you have **any doubts or queries** ring us first
