# Introduction

This directory is intended to be a comprehensive guide to community activity in the Little Hulton and Walkden area. It also lists Council and other organisations that offer facilities, advice and support for the community in general. Some are city-wide, but are still relevant to our area.

We've made it as simple as possible by laying out the contents in alphabetical order of activities and organisations. At the back, is an index of all those included in the directory.

We hope this guide provides a valuable resource for all those who make use of it\*.
