OPERATION CELESTE A SUCCESS

Raids have taken place to reassure residents fed up of seeing a Salford park being used as a meeting place for drug deals.

Warrants have been executed at eight addresses and six people have been arrested as part of a police operation to stamp down on the supply of class A drugs in Mandley Park, Salford.

The raids were carried out at addresses in Crumpsall, Higher Broughton and Kersal

Seven people have been charged in connection with the crackdown.

Two cars have been recovered and searches at the addresses are ongoing.

Inspector Steve Bailey said: "The operation has been the result of months of work by officers acting

on information given to them by local people.

"We want to thank members of the local community for taking a stand against the criminals.

"Days like this show residents that we do listen to their concerns and act on their information. It may take some time before we can take action because we need to carry out extensive inquiries and preparation first.

"We want people to feel as though they can take their children to Mandley Park without having to put up with drug deals taking place."

"Local Councillors and members of the community have been fully briefed this morning so that they understand exactly what has happened and why."

POLICE HELP BUILD CONFIDENCE WITHIN TRAVELLING COMMUNITY

Police officers from Salford East Neighbourhood Policing Team have been helping to further improve relations between them and young people from the travelling community.

A question and answer session has been held as part of an event, organised by Greater Manchester Police Authority (GMPA), to help improve young people's confidence and trust in their local police team. The session helped them find out more about the role of a police officer and how they help keep the neighbourhood safe.

PC Emma Austen from Salford East Neighbourhood Policing Team said: "Building a good relationship with the travelling community, especially young people, is very important and I believe this event has helped us do that. The feedback we got

PC Emma Austen

at the end of the session is that their understanding of our job and the trust they have in us has improved greatly."

Engagement officer Lisa Korczynski from GMPA said: "By gaining a wider understanding of an officer's role and the day to day issues they deal with, the young people were able to see the police as people beyond the uniform."
