The Home Improvement Agency can help and advise with small or large jobs such as:

Roof Repairs

Doors/Windows

Dampness

Wiring

Adaptations

Will I have to pay anything?

All advice is free and confidential. If you decide to have work done you may have to pay for some or all of the cost. If this is the case, we can provide information on different financial assistance that may be available to you.

How does the Home Improvement Agency work?

A member of the agency will visit you at home to discuss your needs and assist in finding the most appropriate solution to suit you and your financial circumstances.

We will help obtain prices, advise on contractors and inspect the works once complete. For larger works we will make on site inspections whilst the work is in progress.

We can also provide you with advice on benefits that you could be entitled to from the Social Security Department.

Can I stay in my property whilst the work is being carried out?

If there is major structural work involved, for example removing floors, rebuilding of external walls, removing floors or the use of chemicals for damp course treatments, it may be necessary for you to move to alternative accommodation during this time. Salford Home Improvement Agency may be able to help you find alternative accommodation to move to temporarily and help organise removals and any associated work.
