What is the Salford sanctuary scheme?

The Salford sanctuary scheme is a project for people who are experiencing, or have experienced domestic abuse and as a result are likely to become homeless. The scheme helps people to remain in their home and feel safer by adding security measures to their property to meet their individual needs.

Additional securities that can be provided in the home include locks on windows and doors, window grilles, gates, anti-arson letterboxes, panic alarms and other appropriate measures.

How does it work?

Stage 1: A referral can be made on your behalf from a referral agency or you can self refer, providing the council with background information about your circumstances.

Stage 2: If you are eligible to join the Salford sanctuary scheme the council will make contact to arrange to meet you.

Stage 3: A domestic abuse advisor from the council will carry out a risk assessment with you, based on your circumstances, and a member of staff will also carry out a security survey of your property.

Stage 4: If the the scheme is suitable for you, the council will contact your landlord to check that they agree the work can be done.

Stage 5: Providing there is enough money in our budget, security measures will be installed in your home.

Stage 6: If appropriate, the Police and Fire Service will be told about the security measures so that they will know how to best help you if you call them in an emergency.

Each of these stages will usually be completed within a week of receiving your referral.

How can you contact us?

You can get details of the scheme from Housing Advice & Support Service at:

Crompton House
100 Chorley Rd
Swinton
