

Helping people to find work

If you have a disability and would like to help to find a job, we can help. Our staff will help to find the type of work that you are looking for.

We recognise that all people need to be participating and contributing to the vibrant developments within the City of Salford.

If you are an employer and would like support to assist people with disabilities in your workplace, then we can help. Our staff will visit to discuss the range of support that is pertinent to your work environment.
